SUMMARY

Detail-oriented Full Stack Developer with expertise in React.js, Node.js, and Python. Proven ability to design and implement user-friendly applications, demonstrated through the development of a web-based advisory system. Experienced in network security configurations using Pfsense Firewall and in CDN configuration for optimized content delivery. Committed to enhancing team collaboration and delivering efficient, high-quality solutions, with a strong foundation in both front-end and back-end development.

EXPERIENCE

Full Stack Developer - Cyber.Ma - Czech Republic

Nov 2025 – July 2026

Employed CSS preprocessors like SASS to maintain efficient, consistent styling and reduce redundancies across the codebase. Designed and implemented RESTful APIs to enable effective communication between front-end and back-end systems, while configuring and managing CDN services to optimize content delivery and improve application performance. Managed version control using Git to facilitate team collaboration and ensure efficient tracking of project progress.

IT Specialist Intern - Makati Medical Center - Makati City, Philippines

Apr 2025 - Jun 2025

Troubleshoot hardware and software issues to ensure seamless daily operations for hospital staff, while assisting with network configuration and maintenance to enhance overall system reliability. Developed a web-based advisory system that improved internal communication and operational efficiency across departments. Implemented additional software solutions that increased efficiency across various hospital departments.

SKILLS
